

MULTI-PURPOSE LITHIUM GREASE 908G

HIGH-PERFORMANCE & ADVANCED MULTI-PURPOSE LITHIUM GREASE FORMULA

MCB MULTI-PURPOSE LITHIUM GREASE is a high quality multi-purpose grease with advanced lithium formula that's suitable for a wide range of applications.

This blue grease formula contains lithium thickened soap grease, high viscosity index mineral oil and extreme pressure additives to suit the demanding requirements of automotive and industrial applications.

CHEMICALLY-ENGINEERED TO MAXIMIZE YOUR UPTIME

• HIGH-OXIDATION STABILITY

- Can withstand high-operating temperatures without risk of change in grease consistency or bearing deposits.

• GOOD PRESSURE & SPEED RESISTANCE

- Applicable for applications exposed to moderate loads and wide speed range.

• GOOD CORROSION RESISTANCE

- MCB grease with advanced formula is highly-resistant against corrosion & humidity.

• RUST INHIBITOR

- Capable of preventing rust formation.

MAIN APPLICATIONS INCLUDE:

- General Applications
- Automotive, Industrial & Home appliances
- Gearbox Applications
- Bearings and its related parts
- Vertical Shaft Applications
- Agricultural Equipment
- Large Electric Motors
